Main Campus Schedule Notes

****PLEASE NOTE All schedules are subject to change, based on state, local, and national guidelines and recommendations due to COVID-19. The safety of our students, employees, and community is our priority.**

¹ Schedule listed is for the first term only; daily schedules vary by term. Courses are typically scheduled Mon/Wed/Fri or Tues/Thu. A typical term will include two courses taught in person at the campus and one course taught online through synchronous and asynchronous delivery using Google Classroom, Blackboard and video conferencing. Daily schedules for externship and clinical rotations will vary based on the requirements of the hospital or clinical site. Externship expectations vary by site and may be delayed due to COVID-19 restrictions, which would delay completion dates.

² Practical Nursing and Surgical Technologist begin the program 100% in the online environment; subsequent terms are a combination of both traditional classroom and online courses.

³ Prerequisite Courses are taught through asynchronous online delivery. Prerequisite courses are not accredited by ACCSC and are to be used for prerequisite coursework for Diagnostic Medical Sonographer applicants who do not otherwise meet the academic prerequisites for acceptance.
